### **Green Monster Worksheet**

Today you are going to learn about how to protect the earth by conserving resources. First, let's find out what that means. Look up the following words in the dictionary and record the definition.

Conserve:

---

---

Resource:

---

---

List 5 ways to conserve resources.

- 1.
- 2.
- 3.
- 4.
- 5.

Now you will create a poster to inform others about ways they can conserve the earth's resources. Draw a draft on paper before you make the final poster. (5 points) Your poster will include the following:

1. A cartoon character called the "Green Monster." He is "green" because he encourages people to keep the earth green and beautiful by conserving resources. (5 points)
2. A slogan to remind people to conserve resources. A slogan is a short saying that catches people's attention and is easily remembered. Choose your words wisely. Rhyming words, repeated sounds, or clever puns help make a good slogan. (5 points)
3. Five simple tips for how to conserve resources. Choose tips people can easily do. Use short phrases with clear language to communicate the tips. (10 points)
4. Neat, well-organized, and eye-catching design. Use bright, bold colors and large, easy-to-read letters. (5 points)
